

Deewave Electronics offers a line of SMA/N Coaxial Isolators in various package sizes and frequency bands, specifically designed for cellular and wireless markets. Reliability, cost and manufacturability are optimized at the design stage. Coaxial Isolators are designed to have some RFI and magnetic shielding with high quality materials to ensure optimum performance over the temperature range.

Coaxial Isolators with RF connectors, phase matching, counter clockwise rotation, higher reverse power capability, higher shielding along with required intermodulation specifications can be provided upon request. Deewave Electronics provide coaxial isolators with commercial series, broadbands series, high isolation series and etc.

And also, Deewave Electronics has the ability to provide a wide range of solutions to meet most applications.

## Commercial Series

Part Number	Frequency Range (GHz)	Insertion Loss (dB Max)	Isolation (dB Min)	VSWR (Max)	Operating Temperature (°C)	Forward Power (W)	Reverse Power (W)	Connector type	Package Code
DCI045047-1	0.450-0.470	0.30	23	1.20	-40~+85	150	10	SMAF	A08
